Energy Division workshop
contacts:

Asal Esfahani (ae3@cpuc.ca.gov)

Nora Hawkins (nhw@cpuc.ca.gov)

The objective of the workshop is to explore in more detail options for developing rules to ensure proper tracking of renewable fuel sources and optimize the GHG reductions of renewable generation technologies under SGIP.

This workshop has been publicly noticed more than ten days in advance on the CPUC's daily calendar. While a quorum of Commissioners and/or their staff may attend the workshop, no official action will be taken on this matter.
